

WHAT TO BRING TO CAMP

Hello Firefly Parents,

Here is the list of items every camper should bring to camp every day:

- A refillable water container of at least 32 ounces of water
- Comfortable clothing, sneakers, a hat for sun protection
- An approved CDC facemask
- Snacks! Please pack lots of snacks, more than usual since the kids will be very active and very hungry
- Lunch! Huge lunch. While there is no refrigeration available, the lunchboxes will be kept indoors away from the heat. Please pack accordingly
- A great attitude and ready to have fun!

NOTE: Sunscreen should be applied before drop off, never during drop off. Please leave all electronics, including cell phones, at home. Neither the Delaware Valley University or Firefly is responsible for lost, damaged or misplaced personal items or electronics. In case children need to call home, they will be able to ask one of the members of the staff.
